

MITCHELL DESLIPPE

JASON LAFRAMBOISE

Diving headfirst into real estate immediately after high school to follow in his father's footsteps, Jason Laframboise now has over 32 years of experience as a broker. 9 years ago, he began a partnership with newcomer Mitchell Deslippe who became an agent right out of university and obtained his broker license 3 years ago. Together, they create a dynamic force to be reckoned with.

In many real estate teams, clients are delegated out to one agent within the team, but with Laframboise and Mitchell, you get the whole team behind you so that every aspect of your home-buying journey is thoroughly covered. Plus, with the pair being from different age demographics, it makes it easy for them to accommodate different target markets-from older generations looking to make the switch into retirement living, to first-time buyers looking for a starter home.

Laframboise and Deslippe have quickly become top-producing agents in the area due to their consistent work and making exceeding expectations a regular part of their work. Their vigorous work ethic is made evident by the awards they have won, with both of them being the recipient of the Diamond Award, one of the highest honors given to RE/MAX agents, as well as Deslippe placing in the Top 40 Under 40 agents for 3 years in a row. Clients have told them that buying and selling with them doesn't feel like a transaction or business deal, but feels like friends or family helping each other succeed.

To help the team even further, they have recently begun working out of a brand new office located at 80 Sandwich St. S in Amherstburg. The new location is a welcome change, created with the goal of better servicing their clients. With state-of-the-art designs, it feels less like an office and more like a lounge, offering clients a more relaxed environment so that they can feel at home even before purchasing one.

A genuine, honest experience is what you are sure to get when you enlist the help of Laframboise and Deslippe for your real estate goals. When away from the housing industry, Deslippe likes to spend time watching Formula 1 racing and Laframboise enjoys hockey, boating, scuba diving and time with his family.
