

# SANTIAGO & BIANCA RIVERA

Rivera Building Maintenance is Windsor-Essex's hidden gem of Facility Cleaning and Sanitization. The company has been consistently growing over the last five years by investing in the value of cleanliness. Workplaces have had to review their cleaning and sanitization procedures in order to meet ever-changing health requirements, and keep their employees and customers safe. Many of these businesses have trusted in Rivera Building Maintenance to help them achieve their facility cleanliness goals.

With the standards of cleanliness skyrocketing - Rivera Building Maintenance and their crew of 40+ team members were forced to tackle the rise in cleaning standards head-on and go above and beyond even further for their clients - keeping the importance of workplace safety at the forefront.

Owner, Santiago Rivera, established the corporation in 2018. Rivera Building Maintenance has seen steady growth and has branched out to providing Commercial Cleaning, Sanitization and Property Maintenance services to all of Windsor and Essex County. Rivera takes pride in being a family-owned business, and is grateful for the community support and continued success. The Windsor-Essex market has shown great trust in them and their services. Along with his wife Bianca Rivera, Santiago and his team have had the honour of growing their portfolio by serving Windsor's most prestigious businesses and buildings.

Looking towards the future, Rivera Building Maintenance sees not just a more clean and safe world - but also an eco-friendly one as well. The growth of their business has enabled them to invest in reducing their carbon footprint in the Property Maintenance division of the company, aiming to be a fully-electric service operation by the fall of 2022. Slated to arrive this summer, Rivera Building Maintenance will be one of very few recipients in Windsor this year to purchase and receive a Ford F-150 Lightning - an all-electric pickup truck that produces zero emissions. It's highly-anticipated arrival will be a great step towards their goal of delivering a sustainable property maintenance solution.

Overall, Rivera Building Maintenance is making moves and investing in technology that separates them from the rest. The organization will continue to strive for excellence by nurturing the blooming relationships with their customers and working hard to keep workplaces clean, safe and maintained.

In addition to running their successful business together - Santiago and Bianca's most proud achievements also include raising their three young boys - Miguel, Leonardo and Cristian. They feel immense gratitude and see the current trends in growth as a positive step for their company. If you have a commercial building or property that you'd like to secure a quote for, you can call Rivera Building Maintenance at (519) 817-3461 or find them online at [www.riverabuildingmaintenance.com](http://www.riverabuildingmaintenance.com).
